

Henry Hudson

Materials:

- Scissors
- Brass paper fastener
- Cipher wheel (pages 2 and 3 of this worksheet)
- Hudson Cipher Code Fact Cards (pages 4 through 8 of this file)

Assembling the Cipher Wheel

Step 1: Print the cipher wheels on thick card stock.

Step 2: Carefully cut out the inner and outer wheel.

Step 3: Attach the inner wheel to the outer wheel, using a brass paper fastener.

Suggestions for Teachers

In order for the wheel to work correctly, the brass paper fastener must be pushed through the exact center of the wheel. Your students may need help with this step.

Have students save their cipher wheel for future activities. We have cipher code fact cards covering many topics on *SuperTeacherWorksheets.com*.

The entire activity does not need to be completed in one day. You may want to have students work on this activity for a short period of time each day until they've completed all of the fact cards.

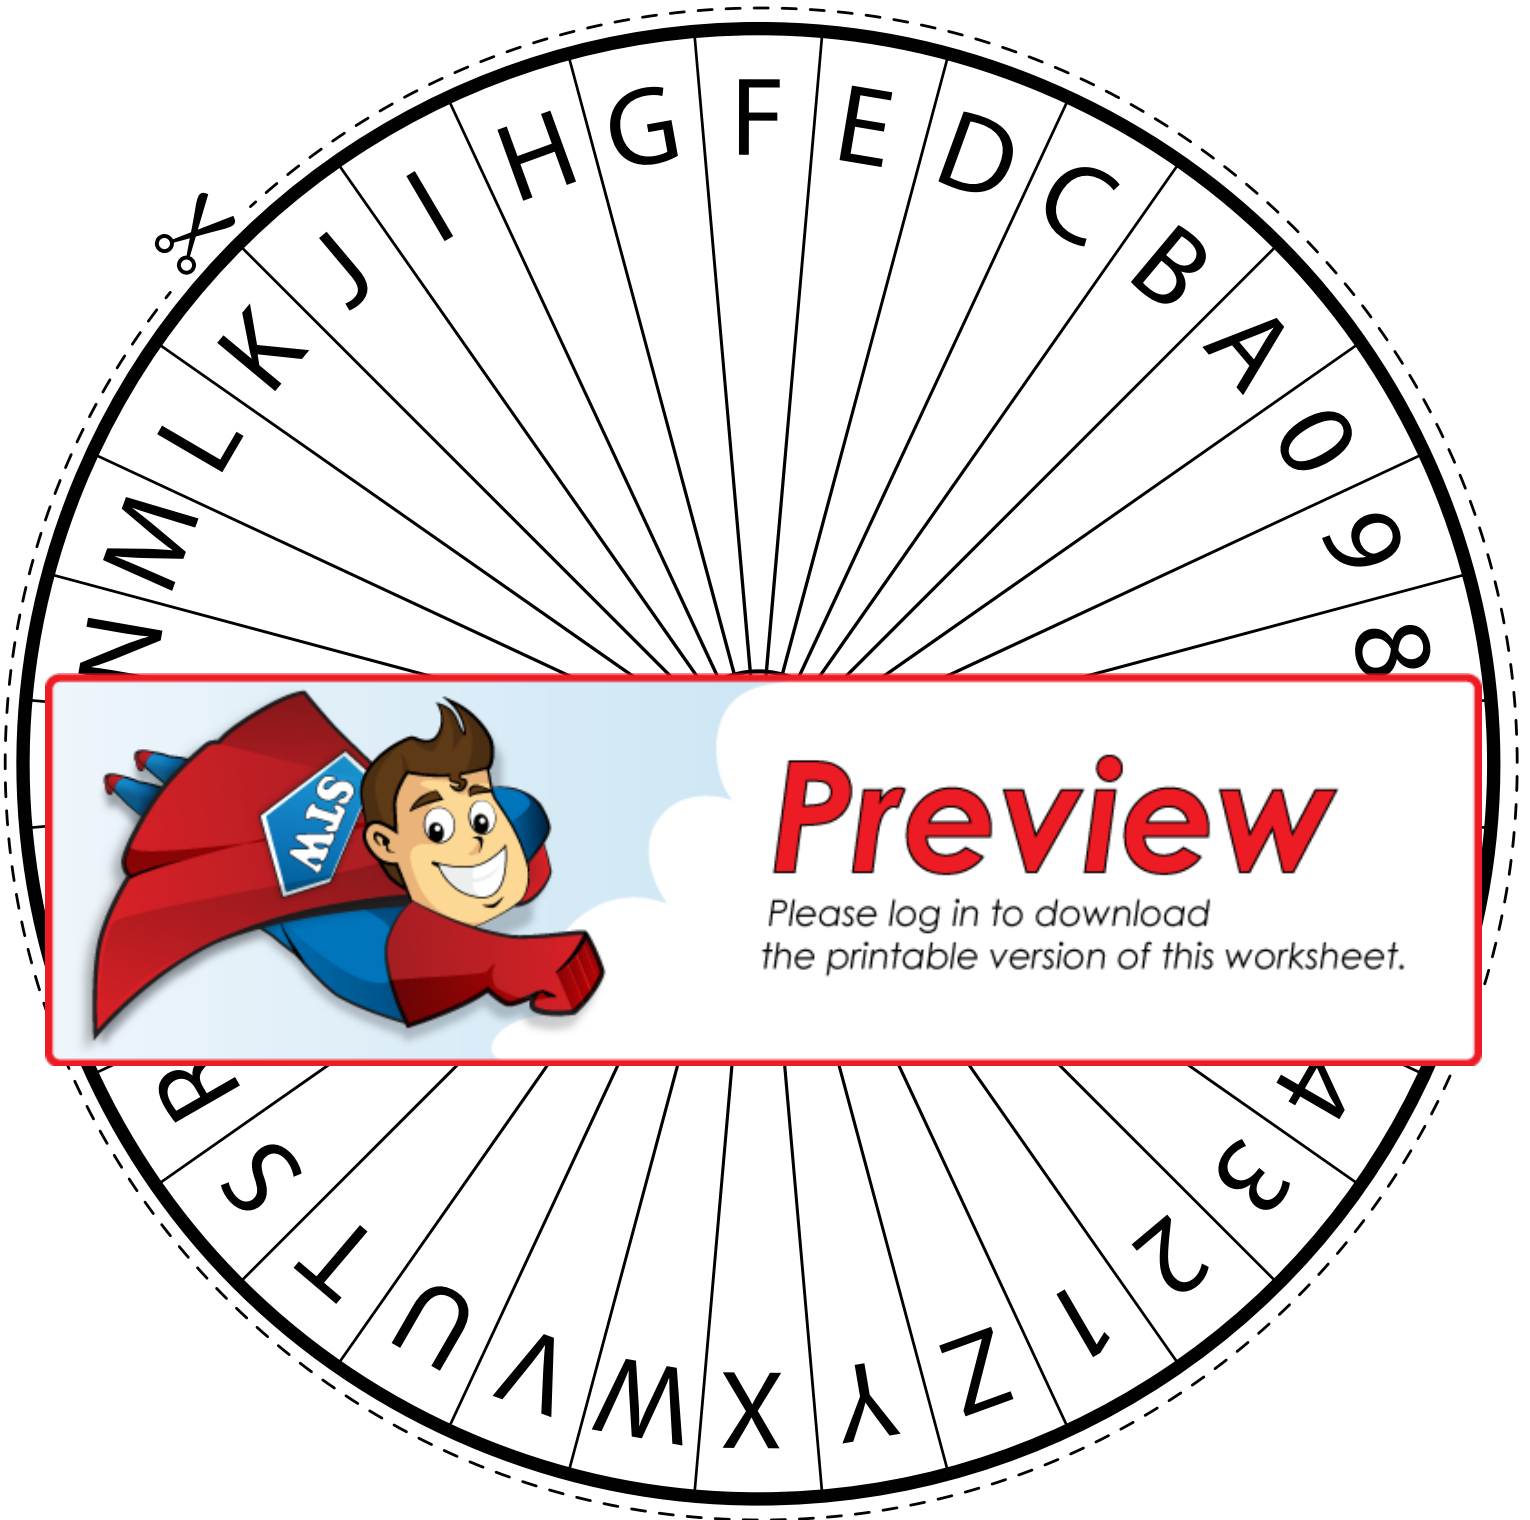

Henry Hudson

Henry Hudson Fact #1

Henry Hudson was an English explorer. His goal was to find an ice-free passage to Asia, through the northern part of America.

Henry Hudson Fact #2

Henry Hudson sailed four times in search of his passage to Asia. He never found a route to Asia, but he did discover many new lands and waterways.
