

Letter to Your Dad

Part 1:

Write a very special friendly letter to your dad. In your letter, be sure you tell your father why he is special to you and why you love him. Back up your main ideas with specific details.

You should include the five basic parts of a letter.

- the date (Write the full name of the month. example: June 17, 2012)
- a greeting (Dear Dad,)
- a body (Write several sentences.)
- a closing (Love,)
- your signature (Sign your name in cursive.)

Do your very best work and write neatly.

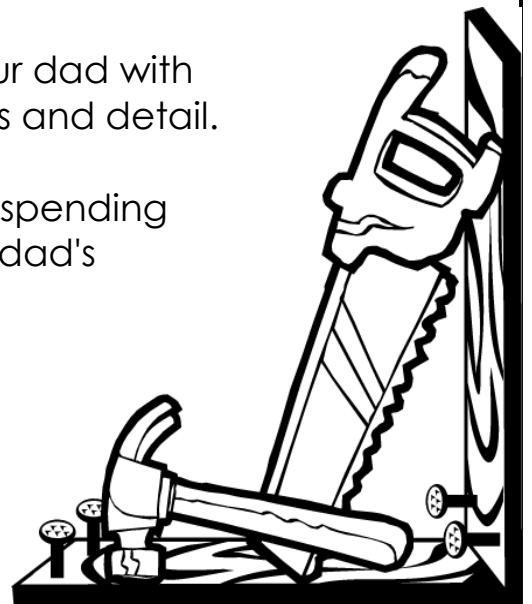

Part 2:

Draw a special picture that you can give to your dad with the letter. Your picture should have lots of colors and detail.

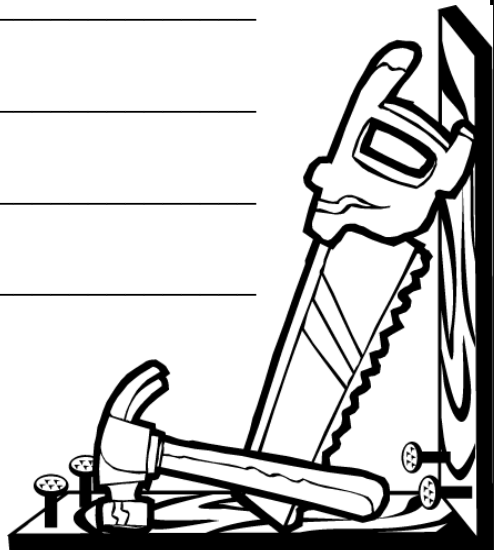

You might draw a picture of you and your dad spending time together, or you might draw some of your dad's favorite things.

Part 3:

Decorate an envelope for your letter and picture. Write "Dad" on the front.
