

Native American Tipi

1. Print the Native American tipi on card stock or heavy paper.
2. Cut out the tipi along the dotted lines.
3. Design and color the tipi.
4. Fold the tipi along the solid lines.
5. Glue or tape the gray tab to the inner side of the opposite end, forming the tipi.

Optional: Slide two or three toothpicks into the small seam at the top of the tipi to represent the wooden poles used to make real tipis.
